Below are some Meeting dates and video-conference links for 2022. Please note that this list is for general planning purposes and that actual dates and times are subject to change depending on weather, scheduling conflicts, global pandemics, and other factors. Always look for the latest agenda/meeting announcement from the chairs/secretaries of each group for the most up-to-date information. If and when face to face meetings become an option again, that information will be shared, but we anticipate these video connections will remain available.
